COALDUST

*COLSTRIP
MONTANA*

Her accomplishments in the field of Education have long been recognized by her colleagues, and during her twenty years with the faculty of our school, her inspiration has extended far beyond the classroom into the homes of the students she has taught. Our community, in which she has given so much of herself, has been greatly enriched by her presence.

Dedication of the Coaldust Annual to Isabel Bills is but small token of the affection and gratitude with which she is held.

CLASS WILL

- I, Leslie Beartusk, will my body to Mike Miller, so. . .
- I, Marla McRae, will my height to Iris Westika because she needs it.
- I, Bruce Hancock, will my scabbeater ability to all the sunshine scabbeaters.
- I, Pat Fandrien, will my ability to be a one person class discussion to the next years Freshmen class.
- I, Woody Brien, will my flirting ability to Richard Demaray.
- I, Carol Fleming, will my saxophone scale sheets to Suzela McRae so she can enjoy them as much as I have.
- I, Mike Cross, will my ability to get cool haircuts to Mr. Hayworth.
- I, Patti Robinson, will all my mosquito bites to anybody with a cold neck.
- I, Kelly Kluver, will my sheepshears to Harry March.
- I, Kathy Sprang, will my ability to drink a lot, stay sober and take care of everyone else to my sister Judy and to Pammmy Robinson. I will my ability to stay awake on all night parties and still go to school the next day.
- I, Vernon May, will my ability to stay at weight for wrestling to Randy Sopher.
- I, Shirley Nelson, will my ability to always get in trouble to my sister Rita who never seems to get in trouble.
- I, Doug McRae, will my wire rim glasses to the Biology class for a new microscope.
- I, Lorraine Seward, will my ability to sing 'You're Cheatin' Heart' as well as I do to Jim Rogers because he can't sing anything.
- I, Roger Mullin, will my sideburns to Doug Jensen because he won't ever have any if he keeps trying to grow them himself.
- I, Debbie Bixby, will my Rosebud Senior key to Janie Richardson.
- I, Bill Haines, will my ability to get along with the Rosebud chicks to Randy Brien.
- I, Carrie Kakes, will my sweet little girl looks to Kathy Palmer and Cindy Hargreaves because of a lack of anybody else to will them to.
- I, Dale White, will my Charlie Pride imitation to Ty Wilcox so he can serenade the kids on the bus next year too.
- I, Billie Alexander, will my many crushes to all girls at CHS who are going steady so they'll have them in case they need a change.
- I, Knate O'Connor, will my speeded up station wagon to James Wallsalong so James and Mike Miller can have drag races out to Jim Town.
- I, Randy Young, will my goatee to Ernie Brewer so he can be cool.
- We, the Senior class, wills all our good traits including modesty, ability to be quiet in class and our ability to be good and never get in trouble to the class of 1982 because we feel they need them the most.
- We, the Senior class, also will to Mr. Norwood, our faithful sponsor, a tape of one of our class meetings so when he listens to the senseless tape he'll have the joy of knowing we've graduated.
- We, the Senior class, wills our well-known reputation of being able to have lively class discussions to the Freshman.
- We, the Senior Class, wills to the Sophomore class our "fat bank account."

CLASS PROPHECY

At the end of a tiring day of combing his long goatee on the moon, Randy Young retired to his homemade flying saucer which he used to get away so he could grow his goatee in peace, to read his mail. Among the many letters he received from Earth, Randy found a familiar paper, 'The Swoel,' dated May 22, 1993. The headlines attracted his attention.

Woody Green, the clown of the class of 1973, finally graduated from Colstrip High after a long struggle of trying to get his credits. Woody finally gave up skipping class and graduated with high honors. Randy always knew **Woody would make it in time.**

Randy reached for his pipe, set down his comb and decided to read a little more of the paper. Maybe a few of his other classmates would be mentioned.

Randy smiled as he read the next item. Leslie Beartusk and Bruce Hancock are celebrating their fifth year as co-owners of Colstrip's first and only Playboy club. Randy always knew Bruce, the class president, would be in money and Leslie, the class playboy would be in a business where girls and booze were both involved. Their names were finally in lights.

Randy was surprised to find out many of his former classmates were making a career of the service. It seems Roger Mullin is head of the recruiting office in Billings and Carrie Kyles is his faithful secretary. Marla Jo McKae is now an Army nurse giving physicals to the new recruits in Kille, and what's this? Patti Robinson is medical records keeper for Marla Jo? Randy knew they would make something of themselves. What? The next article says Vernon May is still on KP duty in Fort Ord, California. As Randy thinks back he remembers Vernon was first put on KP duty when Randy left earth 15 years ago.

Randy turns the page to see if the rest of his classmates are still around. Under the headlines of 'First Bar Opened on Reservation' Randy reads that Kathy Spang is the owner of the first bar permitted on the Reservation. Randy smiles as he reads that Shirley Nelson is barmaid at Kathy's bar.

Randy then turns to the local news to see that Kelly Klover is chasing his herd of sheep all over the Colstrip spoil banks when he isn't playing the mule on Bee Haw. Randy remembers the stormy moments in English when Kelly gave Mrs. Matheny a bad time. As Randy reads on he sees where Doug McKae is now owner of the McKae Ranch and is still fighting the Steam plant and strip mining in Colstrip. Doug hasn't changed a bit. Randy reads on and finds out that Bill is also in the ranching business as co-owner of the Lang Ranch over on the Rosebud. Now that he's returned to his life long dream of ranching he is happy as well as prosperous. Randy also finds out that Carol Fleming now has a booming business doctoring animals for her old classmates as well as others in the area.

Randy notices where Lorraine Seward and her husband are now coaching in Broadus where Lorraine coaches the girls wrestling team who are state champions. Randy is not surprised to read the next item which says Billie Alexander is chief of Police at Colstrip's first police department. Randy also learns that Delbie Fixby and her husband are now owners of the Ball Ranch and live there when not traveling with the band her husband plays in.

Randy starts to set the paper down when another item catches his eye. It says that Mike Cross is now running a headshop in Lame Deer. He always knew Mike would make it big someday. Randy sets up in amazement when he reads that Kate Old Crow is still making his week end trips to Lodge Grass. To this day nobody knows the real reason for these trips. Maybe now they're just a force of habit. Smiling Randy sees where Dale White has an ad in the paper for any Kid Colt comic books. Yes, Dale is still cutting out the 'Let Atkins' day guitar lesson coupons. That reminds Randy that he must send him the ones he's saved for him. Oh yes, Pat Landrich is mentioned. She is the biggest success of the class of 1973. It seems she is now Attorney General of the United States and using her many facts and figures to win cases in the Supreme Court.

Randy sets down the paper satisfied that all his old classmates are doing fine but he begins to wonder what happened to Mr. Nordahl the class sponsor. He picks the paper back up, leafing through it he finds that Mr. Nordahl has now turned Teen Club headquarters, the Mess Hall, into a Senior Citizens Center.

Yes, the class of 1973 was a success!!!!

ADMINISTRATION

Message

Today, as in the past, education means different things to different people. I feel, with a large degree of certainty, that most will look upon education as a sound investment for a secure future. In this respect education is unique, for, unlike other areas, it is the future with which education is deeply concerned. Schools shape our young to be leaders thus providing a direction for the future.

This direction education is providing is what should be of greatest concern. Perhaps we are aiming at the wrong mark with rigid regulations or possibly a rule-adhering philosophy is indeed the correct path to follow. To be sure, time will tell. But then it may be too late for a change in course and society will find it impossible to backtrack in order to secure the loose ends.

Speaking for myself and the faculty of Colstrip High School, I can say without reservation that we have attempted to provide realistic and effective guidelines for our young people to follow. These guidelines will provide proper direction and impetus and allow each individual to grow both physically as well as intellectually and thus be a better contributor to the society in which he will find himself. This society has every right to demand, and will demand, of its members worthwhile investments. Whether our new graduate has chosen to continue his formal education or enter the job market makes little difference. In order to grow it must have leaders willing to take on additional responsibilities and continue in the proper direction with which we have been concerned.

With these things in mind, we turn loose our hold on the Class of 1973 confident that they have been provided the correct bearing to effectively cope with an uncertain future.

END SWEEP IN ACTION...

Our football team this year was pretty good, but...Add all the injuries on the team to its youngness and you get 3 games won and 3 games lost! We fought all the way, even when we were losing but we could always use more team spirit! So next year...

SPIRIT WEEK A WEEK OF EVENTS

October 9-13 was a big week at C. H. S. For Spirit Week there was Hat Day - Monday; Leg Day - Tuesday; Mourning day - Wednesday; Green and White day - Thursday; Silence Day - Friday. On Friday Hysham and Colstrip met for the Homecoming game. Hysham beat us 22-14. The Homecoming dance was held that night with the Hartman's furnishing the music. The climax of the evening was when Shirley Nelson was crowned queen and Bill Haines was crowned king.

All right you guys, I'm only gonna say this once!

'.... just like practice Donaleen...'

Deuce from Gail.

This year the Colstrip girls saw quite a bit of action. They had four losses to eight wins. The starting five were Judy Spang, Gail Small, Missy Wolfe, Tonye Gribble, and Faye Waples and Donaleen Batey took turns. This year the girls were able to go to a District tournament. Although they did not make any progress, the two top teams from there went to the Divisional tournament in Glendive. But that wasn't all... the girls even had a State Championship tournament. All in all, we had a darn good team. Maybe next year we'll have a chance to go all the way to the top!!!

UUUMMMMPH!!!!

Girl's "B" Squad Basketball

The B-Squad girls did quite well in spite of the newer girls on the team. That left them with a more-or-less inexperienced ball team. They won three out of ten games, and showed real enthusiasm for the game. Hopefully next year will find them somewhat more prepared for the competition. It was a really good season for all.

TOP ROW: Sheila McRae, Carol Laib, Bonnie Jensen, Juli Rogers, Coach Juruss. BOTTOM ROW: Debbie Monahan, Pearl Hancock, Marilyn Kukes, Traci Erickson.

WRESTLING 1973

We had 12 boys go out for wrestling with 5 lettering. Since this was our first year in wrestling, we were small on experience but big on interest, confidence and spirit. Next year we'll have more experience and hopefully more boys going out for it. Mike Miller was the only one fortunate enough to go to state. Congratulations, team and good luck next year!

TOURNAMENT

THE BEGINNING...

The 1973 tournament held in Miles City turned out to be a bomb. The Colts went into the tournament rated second and some people even expected first. In the first game against the Busby Eagles we were defeated. And the next afternoon in the game against the Hysham Pirates, Colts again blew it. Everybody had fun but that was about all that came of the 1973 tournament. Maybe next year we'll have fun and win, too.

...THE END

CHEERLEADERS

The Colstrip Cheerleaders had a superb cheering season this year. Their outstanding performances at each game helped a great deal in restoring encouragement to the team during rough games. The basketball team was second in the conference standing. These cute little girls from Colstrip High are considered only the best in the county and marvelous, by their fellow classmates

Beartusk leads Colstrip in 4-C

MILES CITY — Leslie Beartusk, with a pair of firsts, helped Colstrip to its third straight District 4-C championship Tuesday at Pine Hills.

Beartusk, who was just one of five multi-event won the 100 and 220. Colstrip also swept the relays.

Rosebud's Starr Plympton won the long jump and high jump and placed second in three other events. He tied the district record with a 6-0 effort in the high jump. Teammate Ken Boshee took the mile and two-mile.

Top individual performance was turned in by Joe Janz of Plevna. He dominated the field events with firsts in the pole vault, shot put and javelin and a second in the discus. John Ecke of Melstone won the triple jump and low hurdles.

The top five individuals in each event and the first four relay teams qualify for the divisional meet in Billings May 18.

WORK SHOP

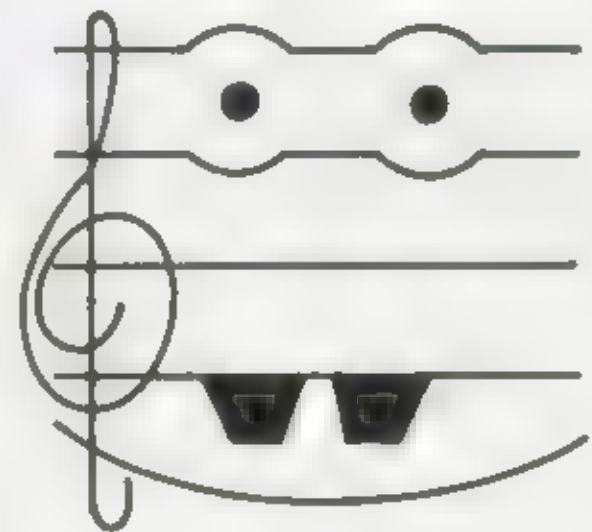

In the Spring of '73, Colstrip hosted a workshop with Three Forks. The two bands joined together for two days of hard practice and then performed a Concert. The Concert went well and was enjoyed by all. The guest band director was Mr. F. White, from Three Forks.

MUSIC FESTIVAL

This year the District Music Festival was held at Custer County High School on April 13th and 14th. A busload of band and chorus students traveled to Miles City at 6:00 a. m. The band played at 9:00 and the chorus sang at 3:45. The band played well and got a "3" or "good" for its efforts. The chorus was even better and got a "2" or "excellent" rating. Tonye Gribble, soloist, sang "Where Is Love" to get a "2" rating also. Of course, the most fun was eating!

SPELLING BEE

A smiling Steve Thurston receives his trophy from County Superintendent of Schools Marie Sturdevant as the winner of the Rosebud County Spelling Bee. Steve correctly spelled 'advertising' and then went on to spell 'assessors' to win the county championship. Von Golder, also of Coeur d'Alene, was second by virtue of misspelling 'advertising'. Mike Snider, another Coeur d'Alene student, was third.

Mining . . .

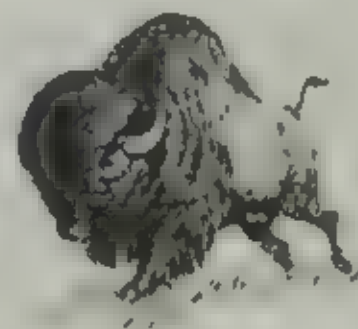

With Great Care

We have been mining at Colstrip since 1968. For the same length of time we've been reclaiming the land and providing recreation facilities.

We are giving considerable thought today to plan how this community will look in the future. Attractive neighborhoods, play areas and a pleasant atmosphere are what we all want.

With your help and co-operation, the future looks bright.

The first part of the paper discusses the importance of understanding the cultural context of the research. It highlights the need for researchers to be sensitive to the values and beliefs of the communities they are studying. This is particularly important in the field of education, where cultural differences can significantly impact learning outcomes.

The second part of the paper focuses on the methodology used in the study. It describes the process of selecting participants, collecting data, and analyzing the results. The authors emphasize the importance of using a mixed-methods approach to capture both quantitative and qualitative data.

The third part of the paper presents the findings of the study. It shows that there are significant differences in learning outcomes between different cultural groups. These findings have important implications for educators and policymakers, who need to take cultural differences into account when designing educational programs.

The final part of the paper discusses the limitations of the study and suggests areas for future research. The authors acknowledge that the study was limited to a specific population and time period, and they suggest that future research should explore the generalizability of the findings.
